During the past 4 years, "The Graduate Students Conference in Genetics, Genomics and Evolution" has established a forum in which students present their research to audience belonging to the various fields of genetics. We therefore encourage PhD students to submit abstract for oral presentation. We also encourage both M.Sc. and PhD students to present their work in posters, with the aim of sparking an exchange of ideas and feedback in a more informal setting.

Organizing committee:

Gilad Barshad (BGU), Shani Martsiano (BGU), Idan Frumkin (WIS), Dan Bar-Yaacov (WIS), Kathy Ushakov (TAU), Prof. Anat Ben-Tzvi (BGU), Prof. Karen Avraham (TAU), Prof. Tamar Ben-Yosef (Technion), Dr. Ramon Birnbaum (BGU), Prof. Yossi Gruenbaum (HUJI) Prof. Dan Mishmar (BGU).

The conference is supported by the generous contributions of the BGU president office, the BGU Faculty of Natural Sciences, the BGU department of Life-Sciences, the Genetic Society of Israel, Sigma. Ltd, Eldan Neopharm Group and the National Institute of Biotechnology in the Negev (NIBN).
